

Equipment Setting Guide

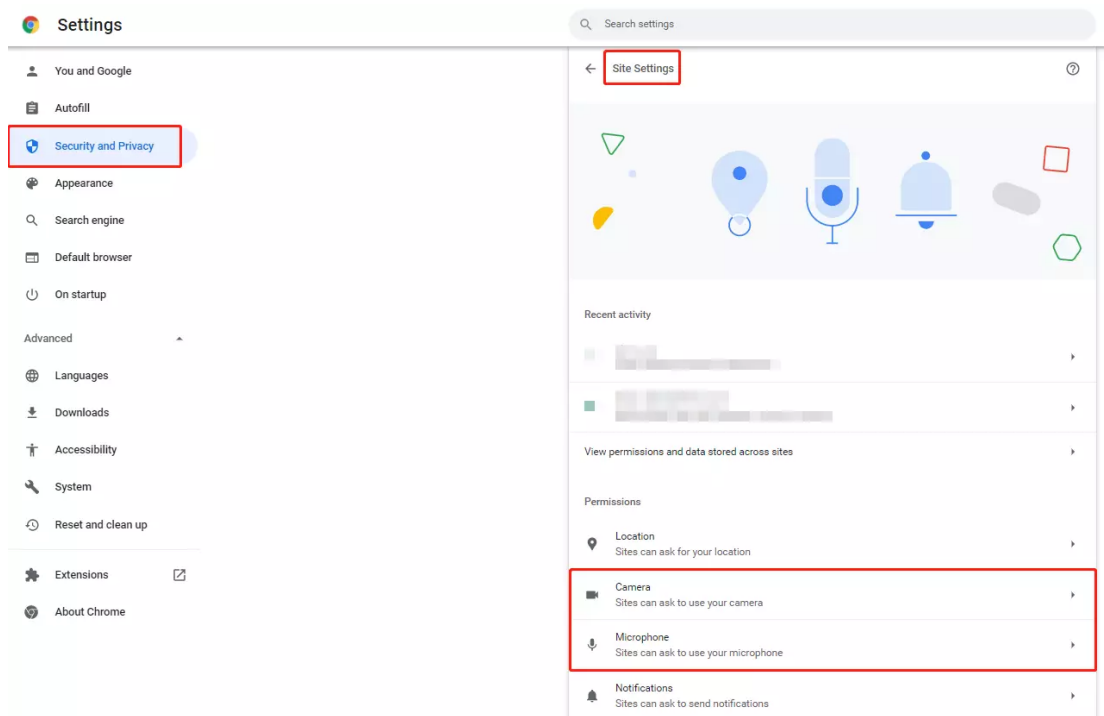

Equipment Requirements

- Desktop/Laptop computers that are equipped with a **microphone and camera**.
 - **You can NOT take the exam on a tablet or mobile phone.**
 - Students should use the latest version of Google Chrome
 - **Please download the latest version of Chrome in advance.** If your computer has Google Chrome, please check for the latest version (Open the Chrome → Help → About Google Chrome)
- **Make sure the network is smooth and stable.**

Equipment Settings

1. Please refer to the following steps to complete the browsers setup. (both Windows and Mac OS)

Settings → Security and Privacy → Site Settings → Camera/Microphone

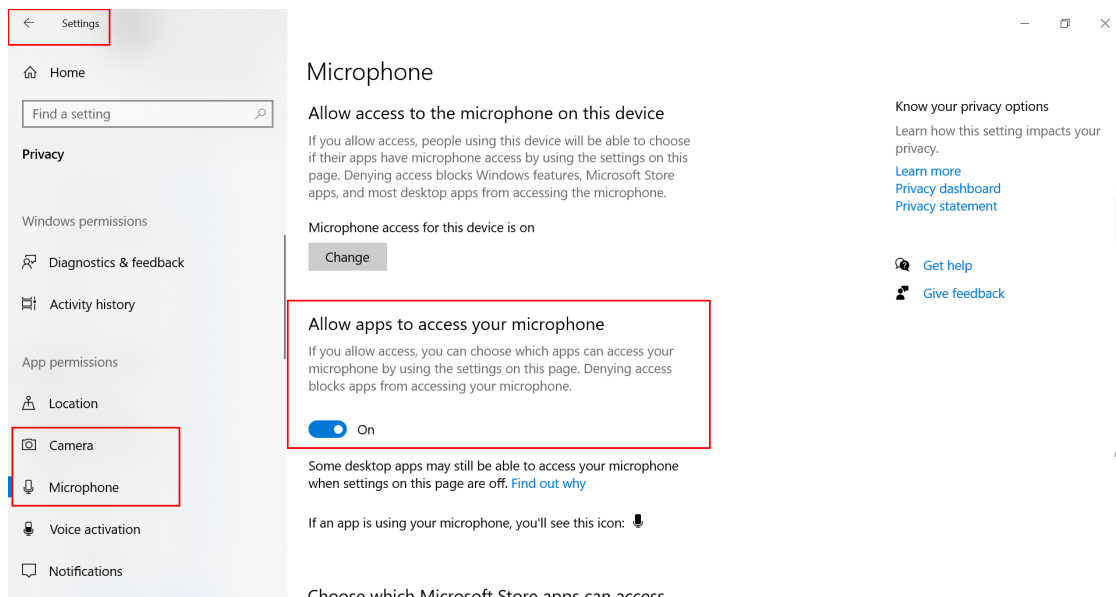

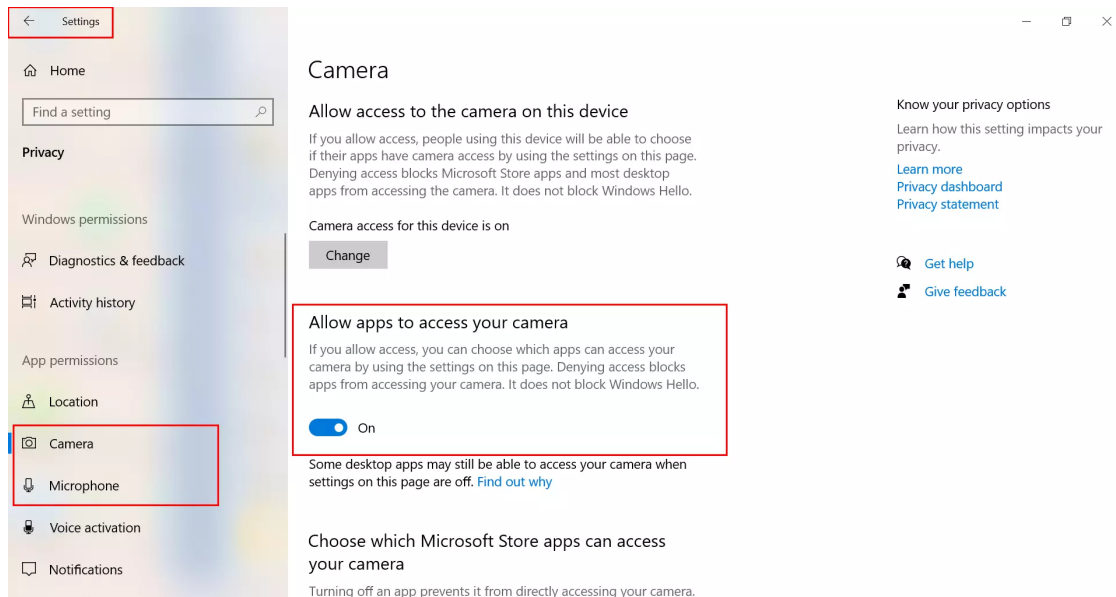

2. Please refer to the following steps to complete the systems setup.

For Windows:

- Turn on the camera and microphone in the system settings

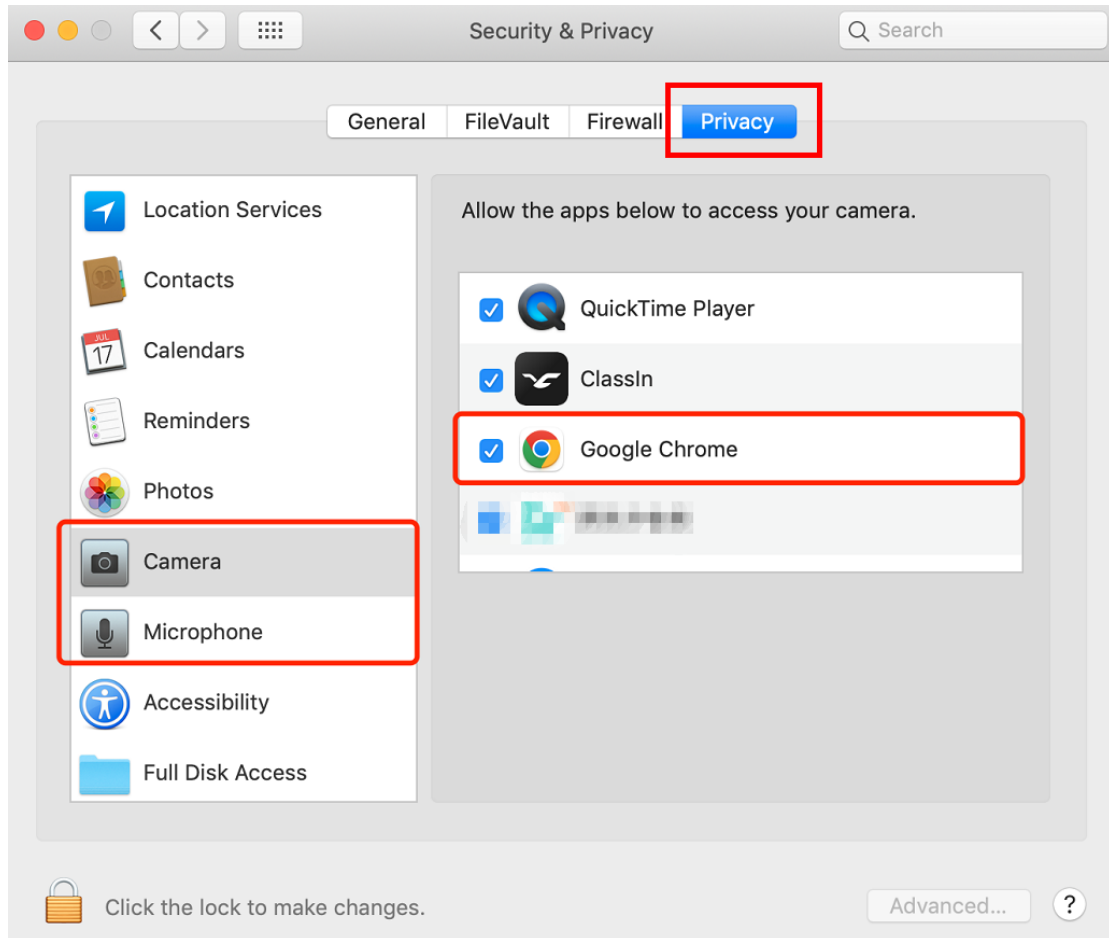

Windows Setting → Privacy → Camera/Microphone

For Mac OS:

- Turn on the camera and microphone in the system settings

System Preferences → Security and Privacy → Camera/Microphone → Allow Google Chrome to use your camera and microphone

- Mac OS needs to set up the screen recording function in the system separately

System Preferences → Security and Privacy → Screen Recording → Allow Google Chrome to record your screen
